It is absolutely crucial to have impeccable literacy skills to succeed in the modern world, in your career and to improve your quality of living. It is not just the ability to read or write but utilizing that capability to function in the advancing society. We all can agree that knowing how to read and write influences our way of thinking, decision making, earning potential, and even assists us to adapt our environmental and societal surroundings. Literacy on the other hand helps us to communicate with the world. To know how to communicate, reading, writing, speaking and listening is paramount. Literacy is an unequivocally a fundamental tool for succeeding in all aspects of life. It allows an individual to expand the horizons of their knowledge and understanding. In the evolving society of today, literacy is not the mere reading and understanding of words. It empowers a person to analyze and understand beliefs, values and traditions of others. Having a high literacy rate also helps a nation to grow and reach the pinnacles of prosperity. Literacy, without a doubt is a basic fundamental right of every individual. It is a desideratum for humanistic and social developments. Literacy equips a person with the ability to transmogrify their life and grow towards a brighter future.

## Respected Principal

Having a teacher in one's life is vital since they not only teach us from books but we also learn essential life lessons. It is undeniable that technology has ushered in new learning opportunities while also altering the educational landscape but the fact that the physical and emotional presence of a teacher holds the capability to transform our lives and ignite the learner within us cannot be argued at any level. A teacher's role in a student's life is indispensable. They make learning amusing, rise the students, and prepare them for a brighter future.

Teachers aren't just there for student's achievements but are also always there for their lows. When they fail and fall, they are there without fail to instill faith and confidence in their students until they succeed. They always go above and beyond to give students the right direction in their lives.

Someone has rightly said, 'The future of a nation lies in the hands of good teachers'. They make sure that their students are capable enough to survive in today's world. They might be a strict teacher in the classroom but outside of it they are caring friends, guiding mentors, and what not. Teachers make the world a better place to live. Therefore, teaching is said to be a profession that creates all other professions.

## Respected Vice Principal

School life is undoubtedly the foundational years of one's life since it prepares one for the real world. The school experience broadens student's perspectives and teaches them perseverance, sincerity, truthfulness, discipline, tolerance and so on. Teachers and students come together for the greater good and for the holistic development of a student in a school. Students from all walks of life come together and learn, interact, play, and grow shoulder to shoulder. The school gives a boost to the children's picturesque dreams and helps them in achieving the same.

School is assuredly an absolute setting for the growth and progress of a child's innate potential and desires. Participation in various competitions, drama and sports help bring out the creativity of a child. School life lays the foundation for aspiring scientists, poets, singers, doctors, artists and every child who has a purpose. Teachers in a school act as mentors and guides for life and help nurture a child's flair. There can be no doubts about the fact that school and school life has an efficacious impact on students.

मुझे दो महीने से स्कूल बिल्कुल याद नहीं आया क्योंकि ऑनलाइन क्लास ने घर पर ही स्कूल का माहौल बनाया, लेकर तकनीक का सहारा, हमने अपना ज्ञान बढ़ाया सच कहूँ घर बैठकर पढ़ने में ज्यादा आनन्द आया।  
अध्यापिकाओं ने हमें, अलग-अलग तरीके से समझा पी. पी. टी. स्क्रिन रीयर आदि ने विषय को और आसान बनाया,  
हमें-हमें हमने यह मुश्किल समय बिता इसलिए मुझे स्कूल बिल्कुल याद नहीं आया!!  
ज्यादा गर्मी हो या बरसात रोज होती थी हमारी क्लास जब अध्यापिका ने देखा हमें उदास समझ गई वे कि हम नट रहे हैं समझ कैप की आस, तुरन्त उन्होंने उसका भी समाधान सुझाया!!  
ऑनलाइन समरकैप की बात सुनकर फिर से उदास चेहरा मुस्कनाया।  
कभी योगा कभी मुम्बा करके हमने खुद को स्वस्थ बनाया, कभी डाइंग, कभी क्रॉस करके घर की भी खूब सजाया, मैं ने खूब फसल क्रमाश्र और मन का खाना खाया।  
कभी कभी घर के कार्यों में मैं सहाय वटोया, इसलिये मुझे अपना स्कूल बिल्कुल याद नहीं आया।

## AN UNFORGETTABLE EXPERIENCE OF MY LIFE

When I was in fifth class, I participated in the Rajasthan State Level Abacus Competition. I had to solve around 120 questions in 10 minutes mentally related to addition and subtraction. It was looking like a tough task for me. But I solved around 100 questions in 10 minutes. And I stood on 2nd position in group B ! I got a medal and a certificate. The real owner of the reward was my abacus teacher who taught me awesome and my parents who encouraged me to participate in this competition. My abacus teacher and my parents were really proud of me. And now I'm trying to do better. This was the unforgettable experience of my life and also the best day.

## अध्यापक

भाव पन्नोपे लिखना सिखाया मुझे,  
क्या सही क्या गलत, यह बताया मुझे,  
मार्ग से जब कभी था भटका कहीं  
रास्ता हर घड़ी, है दिखाया मुझे।

ज्ञान काभी न , ज्ञान कामान भी,  
शिक्षकों ने दिया, खूब सम्मान भी,  
मार्ग दर्शन किया, रम्य लेखन किया,  
शिक्षकों ने मेरा, ज्ञानवर्धन किया।  
चित्त के द्वंद्व में, मैं गिरा जब कभी,  
हौसले को बढ़ा कर उठा या मुझे।

साथ देकर सदा, आस मुझ में भरे,  
नितन ई कौपलों को वे सिंचित करें,  
सृष्टि शीतल करे, वे वही वृक्ष हैं,  
वृक्ष जो हर समय, पूर्णतः दक्ष हैं,  
मन रुदन जब करे, जब तिमिर से डरे,  
दुःख की उस घड़ी में हँसाया मुझे।

जीत पर पर्वथा, हार पर शक्ति दी  
शिक्षकों ने मुझे, ईशकी भक्ति दी,  
उलझनों से घिरा, था कभी अनमना,  
शिक्षकों के प्रयासों से "गुंजित" बना,  
शिक्षकों के बिना, मैं बिखरता रहा,  
हर सिरा जोड़ कर, हँब नाया मुझे।

## मेरा अनुभव

मेरा नाम निकुंज मांधना हूँ। मैं कक्षा आठवीं ब की छात्रा हूँ। मैं और मेरी मित्र आनवी भट्ट ने यू-टी-1 की गतिविधि में वृक्ष का अभिनय किया था। जिसमें मेरी मित्र व सहपाठी ने आम्र (आम) के वृक्ष की भूमिका निभाई और मैंने बरगद के वृक्ष की भूमिका निभाई थी। हम दोनों ने बहुत ही कम समय में तैयारी की और बहुत अच्छा पात्र निभाया। सभी को यह प्रस्तुति देखकर प्रसन्नता हुई। हमें यह पात्र निभाकर बहुत ही आनंद आया और सारी चीज़ें व सामान्य बात सीखने को मिली। जब यह गतिविधि हुई तो मुझे बहुत हुई। मुझे बहुत सारा अनुभव प्राप्त हुआ।  
धन्यवाद।

## CREATIVITY

Generally, in schools students with good writing or drawing are considered to be creative. But I believe every person, irrespective of age, is creative. Infact creativity is one of the most important characteristics of Being Human. It is one of the main traits that can make us successful as individuals. As I think of it, a question arises inside me, why aren't adults as creative as children? The reason being the view of their thinking. People think, as they are grown up now they can't do something that they were able to do during their younger ages or they wanted to do. This is absolutely wrong, as I mentioned above, "creativity is one of the most important characteristics of Being Human". Creativity is just another word for self potential. When people try to do something new they are fuelled by self doubt, "is my work good enough?" "what will people think?" Instead of doubting yourself, listening to your heart and believing in yourself, your creative mind, will surely result in astounding work. The work you need to do is to recognize your potential and creativity. And remember "it's never too late".

## बेटियाँ

मां की प्यारी व पापा की लाडली  
होती हैं बेटियाँ

संस्कारों की पुंजी और विश्वास की कुंजी  
होती हैं बेटियाँ

पापा के उदास चेहरे को  
पल भर में पढ़ लेती हैं बेटियाँ

फिर उसी उदासी को  
मुस्कान में बदलने का  
हुनर रखती हैं बेटियाँ

घर में रौनक और  
परिवार में प्यार  
इन्हीं से होता है  
हर रिश्ते को संजो कर  
रखती हैं बेटियाँ

मां-बाप का आन मान और सम्मान  
होती हैं बेटियाँ

एक मौका और होंसला देने पर  
ऊंची उड़ान भर लेती हैं बेटियाँ

## MOONCHILD

On the full moon night  
I keep my dreams holding tight  
What a beauty adding up to the sky  
With the magical wings, I want to fly  
The clouds are making a way  
Because my moon has a lot to say  
What if it goes through so many phases  
Always shines brighter to the transcendent  
light raises  
My glaring eyes look beyond limitation  
Profoundly exploring this divine connection  
The moonlit shining and shimmering  
through my soul  
Giving a glimpse that I own this cosmos  
whole  
Every bit of its luminescence shines within  
me  
Feels like it is watching me over with glee  
Assimilating to shine in the darkness  
Disseminating constant love in brightness  
I always feel its presence even if it is  
hiding behind  
Yeah, you got it right, I am the moonchild

## A LETTER TO MY FATHER

There are no words to describe my immense love for you dear Dad! Your unending belief in my boundless potential empowers me every single day. I can't thank my stars enough for having you in my life. You are and will always be the best gift I got from life. I have no doubt that God took a piece of you to make me for the person I am — a smaller, girlish version of my dad.

I want you and everyone else to know that I have been gifted with the most amazing dad in the world. Being the stronghold in my life, you set a firm foundation for me to build my life on. The way you have always encouraged and motivated me, and guided me through the ups and downs of my journey is truly remarkable. I am thankful for all the things you prepared me for. In you, I see the effortless dedication to care and love. You are always loved!

## बात करने से ही बात बनती है।

आदरणीय अभिभावक

आज की बात आपके साथ।

हम कई बार सोचा करते थे न कि वक्त होता तो अपनी फेमली अपने आप के लिए कुछ करते।  
काश वक्त होता ?

आज वक्त है ,सोचिए

हमने बहुत समय दिया अपने करियर को व्यवसाय को मगर अब समय है अपने आप को और अपने परिवार को समय देने का।जिन्हें हम भूल गए थे।

इस समय को यादगार एलबम बना लें जिसके हर पन्ने पर लिखें घर में बिताए सुकून भरे पलों की खूबसूरत तस्वीरें।

ये करें--

1 बुजुर्गों के पास बैठें वो कब से तरस रहे हैं आपके साथ संवाद करने को, उनकी आँखों की नमी आपको बताएगी की घर क्या है रिश्ते क्या हैं?

2 अपने बच्चों के साथ खेले और खेल खेल में जाने उनके मन की बातें,तनाव कम होगा बच्चों का ।उनके दोस्त बनने का मौका न गवाए ।

3 अपने बच्चों के साथ बाँटे अपने अनुभव आपस में बात करें आपकी चिंता फुर्र हो जाएगी।अपने देश के इतिहास व संस्कृति की बातें करें, बताए उन्हें कि हमारा देश कितना महान है। ।उन्हें सिखाए ,जिम्मेदारियां निभाना, अनुशासन में रहना व संस्कार अपनाना।।

4 परिवार के साथ व्यायाम ,योगा करें ,मिलकर खाना बनाए व साथ बैठकर खाए। एक दूसरे के पसंदीदा कार्यक्रम देखे ,किताबें पढ़ें ,पढ़कर सुनाए ,चर्चा करें ,सम्वाद करें ,एक साथ बैठकर संध्या ओरती करें।  
हर रिश्ते की पौध को समय के जल से सींचने का अवसर है ये जरूर लाभ उठाए।

5 दिन के पूरे 12 घण्टे के हर पल को ऐसे इंजॉय करें जिनके लिए आपको चाहते हुए भी कभी वक्त नहीं मिला ।अपनी रुचियों को जो जिंदगी की भागदौड़ में कहीं छूट गयी थी फिर से जी लें।अपने आप से बात करें ,खोए हुए अपने मन को फिर से जीवित करें।देखियेगा जिंदगी खिल उठेगी।

प्रकृति ने हमें इस महामारी के रूप में एक सबक सिखाया है कि अपना परिवार अपना स्वास्थ्य व अपनेआप को समय देना बहुत जरूरी है।

बात करें खुद से ,बात करें अपनों से क्योंकि बात करने से ही बात बनती है।

# Special Messages from The Editorial Team

*E-Genesis, The School Newsletter completes a year with this edition. The editorial team has tried to pen down their experience while making this newsletter for each one of you. We would love it if you would give it a read.*

**It wasn't a thought or a plan, the pandemic got it done!!**

The monthly newsletter E-GENESIS appropriately empowers our belief in the epigram "Necessity is the father of invention." Had the pandemic not struck the normal, we wouldn't have stepped into the new normal. Whilst every countenance carries a morose expression, and where even the beneficence of our home proves futile after such a lengthy refuge, our lives, especially kids have become vapid. With an intent to offer engagement and to replenish their connection with reading, with the generosity of Madam Principal and the confidence of my student editors we presented our consolidated efforts towards a pursuit for recreation.

Challenging as it may have seemed initially—collecting data, filtering & editing content, designing & graphics, numerous tentative layouts, the final draft and the finishing touches at the eleventh hour—it was all but the cohesive and collaborative spirits of my students that we together set sail through the turbulent waters of indecision and limited operations.

With Dheeraj, who assumed complete responsibility of art, craft, drawings and clicks, Vedant, who shouldered the collection and scrutiny of data, and Jiyana, who administered the page designs and the principal layout, it was remarkable perseverance and commitment that brought this vivacious piece of reading into life. It was a monthly rush of selecting a well-suited theme, exchanging invites, shortlisting writings from a barrage of impressive articulation, and then the daily Google meets for to ensure progress and prospective aims. On one hand it was learning with a hint of leisure, on the other, an incessant drudgery.

We had spent countless nights plodding through the tasks in need of immediate counsel, although less or nothing is known what went behind the scenes. It is perhaps our tenacity and authenticity that we never surfaced our quandaries or even spared a thought to keep the work due for the next day.

Reminiscing the trials and tribulations, the jovial union on virtual platforms, and an eclectic experience in honing ourselves, adapting to an unsettling regime and yet delivering the best, this one year anniversary of our newsletter is a published memorial of our pride, a unanimous struggle and cherishing the result.

I offer my sincere gratitude to our honourable Secretary Sir, Mr. Nirmal Dargar, esteemed Principal, Ms. Archana Singh and respected Vice Principal, Ms. Manju Sharma for their perennial guidance and faith they bestowed unto us. Words would fall short if I were to remark my student editors Jiyana Jethani, Vedant Khunteta and Dheeraj Sharma, without whom this newsletter would not have been whatever it is today. The sail was set by proficient senior students editors and legacy passes to the new ones. I look forward for the same enthusiasm in my new team Krityasudha Vyas, Radhika Rathi, Vedanshi Khandelwal and Yashvi Kasat.

I bid you all an immersive reading and an exceptional experience with our newsletter with the aphorism—"The strength of the team is each individual member. The strength of each member is the team."

**Happy Reading!!!!**

# Special Messages from The Editorial Team

It's been a year since this newsletter has started. It seems to be like yesterday's story when we made the first newsletter. I am proud to be part of this amazing journey of a year. In the beginning there were many obstacles doing the work but with help of my teammates and guidance of our respectable Deepshikha ma'am everything went well. Will try to give our best and deliver the content in the best way to you.

E-Genesis is not a mere newsletter but the flag bearer of the creativity, hard work, innovation, imagination, perseverance of Ms. Deepshikha Ghai, the editorial team, and the entire student body. As E-Genesis turns a year old this edition, the Editorial Team feels proud of the creation and growth of the newsletter. All of this would have been merely a dream had the thought would not have been processed and brought into reality by the worthy Principal ma'am. Deepshikha ma'am handpicked and collected each one of us to see a vision and achieve it. It is because of her and her only support and guidance through each and every hurdle we faced. Deepshikha ma'am is a woman of great wisdom and vision. Her presence is enough to make all of us feel loved and motivated. It is an absolute honor to be working with her and learn new things every day.

In the beginning, making a newsletter every month that aptly presents the essence of the creativity of MPS International and its students seemed like a hefty task but with the cooperation and guidance of Madam Deepshikha and the fellow editorial teammates' dedication and innovation made it a swift process. Each one of the members is skilled and motivated enough to put in their best of abilities and efforts for E-Genesis. All of this wouldn't have also been possible without the constant support and inputs by our beloved student body who month after month entrusted us with their artwork, write-ups, and creativity. We receive an enormous amount of entries every month which is overwhelming. We also feel proud to say that our newsletter is not just for the students but also provides a platform for all the talented teachers to put forth their artistry in the special Teacher's column. We aim to make the school newsletter vast and inclusive for each and every MPSite.
