

## IMPORTANT CIRCULAR: DOWNLOAD THE RAJCOP CITIZEN APP

Dear Parents,

This is an important message regarding the safety of our students within the school and outside the school. Within the school we have CCTV cameras and a team of teachers to look after the students. But, outside the school, both our students & parents are required to be more vigilant and smart. We are fortunate to see that, Government of Rajasthan is also very serious about the safety & security of every civilian. Hence, the Department of Police has launched an App with the name, "RajCop Citizen" . We therefore request all parents and students to download the "RajCop Citizen" app on their mobile devices.

This app is a crucial tool for ensuring your child's safety in an emergency. After downloading, please acknowledge your child's class teacher that you have downloaded the app.

The app has two main features:

- **TRAIL**: This button is designed to be used for practice/trail. When you press the TRAIL button, the nearest police station will contact you to confirm your location and offer necessary guidance to ensure your safety.
- **NEED HELP**: In case of any emergency, please train your child to press this button. This action will immediately alert the nearest police station, who will then be directed to provide immediate assistance.

We strongly urge all parents to download this app and teach your children how to use it responsibly. We also encourage you to share this valuable information with your friends and community to help keep everyone safe.

Thank you for your cooperation in this important safety initiative.

Warm Regards,

(Manju Sharma)  
Principal
